LESLIE L. CLEVELAND

Headmaster

LESLIE L. CLEVELAND

Headmaster

With deep regret we bid farewell to the kind, far-seeing man who, for the last four years, has directed our school activities. He has helped mould our characters and instilled in us an appreciation of the finer things in life. His friendliness toward all his pupils at first amazed, then delighted us. Mr. Cleveland is neither stern nor over-exacting, yet, owing to his almost paternal interest in us and his sincere affection toward us, the majority of pupils have striven to make themselves worthy of his trust. Memories of his infinite patience, justness, and open-mindedness will long be cherished by all of us; his understanding of our frailties and the allowances which he has always made for them will ever be a source of wonderment to us.

There is not one among us who has not greatly benefited by the inspirational talks Mr. Cleveland has had with us in the assembly hall during our all-too-brief stay at the Cambridge High and Latin School. Through the years we shall often recall with happiness the many helpful lessons we have learned from him.

In parting, what greater tribute can we pay him than to say that the greatest aspiration of each of us is to emulate his virtues?

Dedication

We, the Senior Class of 1929, do hereby
dedicate this Year Book to our
friend and counsellor,

Mr. Thomas Long Bramhall,

in appreciation of the kindness and cheerfulness
which has endeared him to us all.

Prologue

Past and Future are two fair friends; but we cannot be true to both. Gratitude we can give the former, and remembrance; but to the latter we must give ourselves. Here is a book which tells of four years in our life. What we did is here set down, and also who we were that did it. Read it and embrace the Past once more, before that strange new Friend shall take us by the hand and possess us forever.

Cambridge High & Latin School

Mr. Thomas Long Bramhall
Assistant Headmaster

We have been fortunate indeed in having for our friend and counsellor a man who possesses two rare gifts, understanding and a good sense of humor. With a few hearty words of encouragement and cheer, he has unraveled the tangled problems which we brought to him; but although we have found him to be a most sympathetic advisor, those who deserved punishment received no leniency from him.

Years from now, when we recall the friends that we made during our high school days, he will stand foremost in our memory as one who was everybody's friend, and one in whom each of us placed great trust and confidence.

Mr. Timothy F. Downey
Assistant Headmaster

Mr. Downey is one whose ability in correcting the faults of the freshman is unquestionable. His attitude toward the freshmen is entirely a friendly one, and with persevering patience and thorough understanding, he wins the confidence of even the most mischievous one.

The first year student needs a strong hand to guide him on his entrance to our high school, and every senior looks back now with grateful eyes on Mr. Downey as a helpful teacher, interested only in his welfare.

Cambridge High & Latin School

Mr. Chester Bliss
Master

Mr. Bliss is the master of the sophomore boys and also a teacher of civics and history. Everybody admires Mr. Bliss, and it is very easy to understand the reason when one is acquainted with him. His pleasant ways have won a place in the hearts of all that know him. His classes are conducted in an efficient manner, and his adeptness in teaching is unequalled. Mr. Bliss's talks in his class rooms make his pupils take a greater interest in their work. Here is a man that is sure to remain in our memories long after we have left school.

Mr. James H. Leonard
Master

Mr. Leonard is a dean at the Merrill School, and a very popular one at that. As a teacher of law and English he is unsurpassed, and beside slipping in humorous touches now and then, he makes his classes both helpful and interesting. Yet Mr. Leonard manages to maintain discipline in his classes in such a way that nobody resents it. He is also a lover of sports and encourages the boys in their pursuit of them.

Cambridge High & Latin School

Miss Ethel G. McElroy
Dean of Senior Girls

Both as dean of the senior class and as an English teacher, Miss McElroy has won a high place in the esteem of all those with whom she has come in contact. We sincerely appreciate all that she has done for us, her valuable advice, and her constant interest in us; and we greatly admire the ability with which she discharges her office of dean and teacher. We shall always think of Miss McElroy as our friend, and our memories will be of the pleasantest.

Miss Mary E. Murray
Dean of Junior Girls

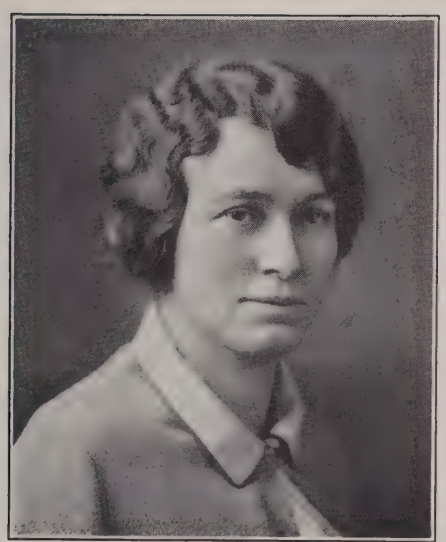
Throughout our junior year, she was continually smoothing over the many rough places which we encountered. Who among us has not marvelled at her ability to interest indifferent pupils, to reassure anxious parents, and to straighten out all matters pertaining to scholastic difficulties? We have always respected her decisions in matters of importance, not because she is the least bit severe, but because we all love her.

She has a distinctive, refreshing personality which is greatly enhanced by her merry, flashing eyes and ready smile. Miss Murray numbers hosts of friends among the pupils.

MISS ELIZABETH M. DRISCOLL
Dean of Sophomore Girls

When momentary difficulties arose during our sophomore year, we sought the friendly advice of Miss Driscoll. We were always welcomed in a gracious manner whenever we consulted her. She seemed to have a special aptitude for handling rebellious and indifferent students, for they invariably came to respect and admire her for the fine principles she advocated.

In addition to possessing an unusually pleasing personality, among her other qualities that endeared her to us, is her faculty of making her Latin classes delightfully entertaining as well as instructive.



MISS HILDA RUSSELL
Dean of Freshman Girls

When we girls first entered high school, we were rather bewildered by the many problems which confronted us, but when we became acquainted with Miss Russell, we were confident that these difficulties would soon be cleared away under her efficient guidance. The friendly conferences that we had with her were bright spots in our initial year in this school, for she was always interested in our activities, and she was always ready to give us friendly and sensible advice when it was needed.

The arduous task of guiding the freshman girls can be accomplished only by an exceptional person, and certainly there is no one better adapted to this work than Miss Russell.

Cambridge High & Latin School

Mr. George H. Cain
Headmaster's Assistant

Among the many friends that we are going to miss when we graduate will be Mr. Cain. We all know of his work in the Commercial department, and we appreciate it. In his work in the bookkeeping department, we have found him an able and efficient instructor. In his willingness to help and in his ability "to do", we find the real nature of the man. His versatility, his humorously grave way of speaking, besides his many other remarkable qualities have endeared him to us, and we will always remember, —Mr. Cain.

Miss Anna P. Butler
Headmaster's Assistant

The English department enjoyed a successful year, as usual, under the efficient leadership of Miss Butler, an able, kindly, sympathetic teacher. Miss Butler knows her subject thoroughly and teaches it in a most interesting, pleasant way. She contrives to make the most prosaic lesson seem exciting. One might say that Miss Butler's motto is: "Fair Play". Her most admirable quality as a teacher is her firm conviction that everyone has a right to his own opinion provided he can produce sensible proofs. Besides offering necessary criticism in a very friendly spirit, Miss Butler never fails to award merited praise. Miss Butler's class is one to which her pupils hurry eagerly and regret to leave.

Cambridge High & Latin School

Miss Mabel A. Harrington
Headmaster's Assistant

To Miss Harrington we can attribute the success of our high school lunchroom. It is under her careful supervision that the tasty and appetizing foods are produced, and who does not enjoy them?

To all the girls in the Home Economics Club, Miss Harrington has been a true friend. She is cheerful, optimistic, and has the rare ability to inspire those with whom she comes in contact. With her winning smile and helping hand she is always ready to give aid to those who need it.

Miss Madeleine L. Slade
Headmaster's Assistant

Would that we could devote volumes of praise to our friend, Miss Slade. How generously has she advised us in her wisdom and experience! How many times has she piloted us safely along our commercial courses? We are happy to inscribe to her these expressions of gratitude and love. We wish to say with simplicity, a heartfelt "Thank you" to this good teacher and we shall retain forever precious memories of our associations with her.

Cambridge High & Latin School

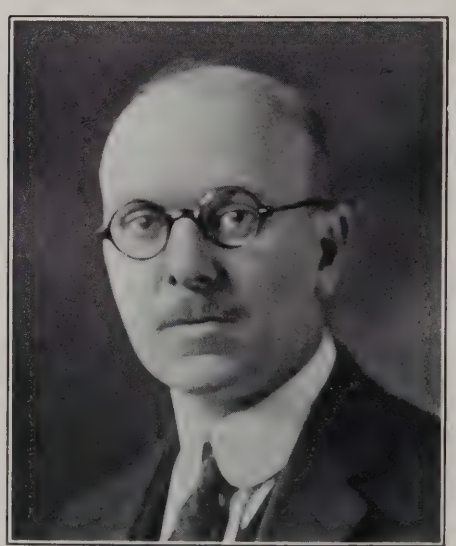
Miss Henrietta E. McIntire
Headmaster's Assistant

"Absence makes the heart grow fonder". How much we have realized the great truth of this saying during the past year, in the absence of Miss McIntire! We are fully convinced that she is invaluable to our school.

Her keen sense of humor and her pleasant ways have helped us over the rough roads of French, and have endeared her to us all.

Mr. Cecil T. Derry
Master's Assistant

All of us who have had dealings with Mr. Derry have found him to be a delightful friend, and deeply interesting teacher. He has realized that we pupils are not mere children and accordingly has treated us with that sympathy and understanding which give us a greater confidence in ourselves and our ability. He has done away with the drudgery of Latin by making it a live, absorbing subject and by breaking the monotony of the class room with timely anecdotes of history and mythology. His lectures in the school hall from time to time have delighted the pupils of all the departments.



Cambridge High & Latin School

Miss Mary C. Hardy
Master's Assistant

When we were freshmen, if we dared at all to mount to the august third floor, we were soon scared away by the apparition of Miss Hardy with book and pencil, saying, "Name, please!" Later in Latin we learned to our dismay of those renowned pop questions, dear to her heart. But it was only as seniors that we glimpsed that delightful Miss Hardy who laughs over and sympathizes with the woes of *Review* and Year Book staffs with unfailing wit and good humour, and without whom we could scarcely imagine this school.

Miss Lillian R. Hartigan
Master's Assistant

We Seniors, without a single exception, are extremely grateful to Miss Hartigan for her untiring efforts in behalf of all our dramatic presentations. The fortunate students who have come in close contact with her through attending her elocution classes are enthusiastic in their praise of her. Owing to her vivid personality and delicious sense of humor, her classes are always intensely interesting and instructive. Much of her success undoubtedly lies in her remarkable ability to inspire her pupils with a deep liking for whatever work they undertake. May success and happiness always accompany her enterprises!

In Memoriam

Miss Mary Wamsley

We who knew Mary loved her. Even now we are too grief stricken to realize that with the next turn in the corridor we shall not see her smiling face. The loss of this brilliant and charming girl is irreparable. We all feel better for having shared with her, if only for a short time, our daily joys.

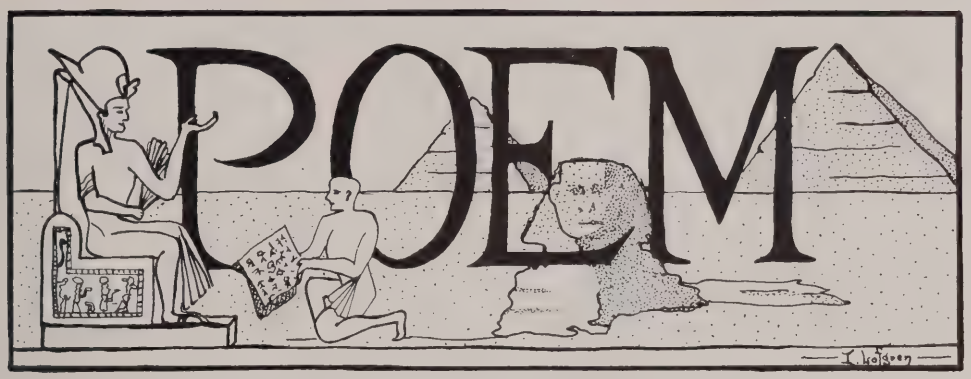
Class Song

We have seen that snow-white flower,
Knowledge, far beyond our reach,
Searched for it a weary hour,
Climbed up towards it, each for each.
Knowledge like a flow'r entrances,
Luring on our ardent band;
White, elusive, it advances,
Just beyond our outstretched hand.

Now no more a mere dim glimmer
Is the flow'r we want so much;
We can see its silken shimmer
Almost within finger-touch.
But we know that it is higher,
Greater, deeper, than we thought;
That its heart is living fire,
And its quest with danger fraught.

We will seek it with torch flaming,
Seek it still with head held high;
It is ready for our taming,
In the sight of mortal eye.
We are youth and joy and beauty,
Struggling upward to the light;
We will triumph in our duty,
For we have the student's might.

JEAN CLARK



If for one instant we see strife
Through chemist eyes, finding
New meaning and new life;
Or if in falling snow
And sad cool moments
We remember Virgil fashioning long ago
Words into light,
And whisper, "There are tears for men",
Or if again
We see the austere right
Of numbers, then
May we remember too
How first we came
And stood outside a door
With thoughts of flame,
In love with knowledge, passionate after more;
How in four panting years
We chased Minerva
With the mind's spears.

Breathless, triumphant, we stand
Now at the edge of worlds,
Voyagers sighting a new land
With youth for a shield,
And joy for an orange cloak,
Courage not to yield—
A dauntless burning sword.
Come! Come! Like driving hail
In a sweeping horde,
On, Knights of the Grail!—
To bring fresh wonder, find
New stars, to understand
And make true peace for humankind
And this to do
Through living wholly,
Watching a flower grow, or a few
Uncurl, through feeling earth
Firm, underneath, though cities burn
And life seems lost in death,
Still to have faith—
We pledge ourselves to this.

Mary Sarton

As our four years at Cambridge High and Latin draw to a close, we pause now and then to review them and to contemplate in a more or less philosophic way the great variety of things which they have held for us. Retrospection only emphasizes the fact that Cambridge Latin is something beyond all comprehension and that it is futile to try to express in mere words just what the place means to us who are leaving. First of all, it has been a most exacting taskmaster. Our work was put before us, and we were required to expend mental energy in the effort to receive a diploma. Then, too, it has made possible for us associations which will forever influence our lives. In every way, spiritual, mental, and physical, Cambridge Latin has shaped us, molded us, and trained us, so that now we are ready at last to face college or business.

At times we may have thought our schooling here, with all its restrictions, a bit unpleasant, but as the incidents become more mellowed by passing time we become more convinced that all in all we have been very happy.

From the beginning, we were pestered by the Review staff who, until they had received their seventy-five cents, continually approached us with their hands outstretched. We were soon to learn the meaning of the famed words "Name and home room please?" But time passed, as it has a way of doing, and we were in the midst of spring before we knew it. The first year was nearly over and we were deeply grateful. The first year is quite all right as material for reminiscence, but it is a frightful thing while it lasts. One becomes obsessed with a feeling of absolute inferiority and lack of ability of any kind. So none of us felt any degree of unhappiness when June ended and we found ourselves ready to enter the Sophomore Class.

Our second year was largely a period of orientation and expansion. Many of us dropped from the Honor Roll, as new studies began to puzzle us. This year, like the first passed quickly.

Junior year was to a great extent one of preparation. Our academic duties were comparatively light and we had what was really our first opportunity to make a good estimate of the situation. We began to comprehend that our four years here demanded a large quantity of "give" in return for the "take", and we also were awakened to the fact that in not many more months we would be the students responsible for running the classes. The first result was that we began to take a greater interest in the things which were going on about us. More of us turned out for athletic squads and a great many of us began to pry into the mysteries of the various activities with the acknowledged purpose of seeing what made things tick, so that we could keep them running later on. Class consciousness increased in strength and, as a group, we became more thoroughly acquainted and co-ordinated. We went to the Review office to cast our votes for class officers, a pin committee, and a reception committee. To lead the class we elected "Bob" Morris as president, "Bill" Hogan as vice-president, "Fran" Mahady as secretary, and Harold Browning as treasurer. A very capable pin committee included Jean Tobin, Ruth Campbell, Mary Altimas, Marjorie Lynch, and Anna Skeers. To run our prom, we had a remarkable group—Helen Gately, Margaret Dyer, James Nagle, Antoinette Moakler, and Roger Brady.

We shall also remember the night Ruth Campbell stepped upon the stage,

delivered a marvelous monologue, and as a result won first prize in the "Liberty Prize Speaking Contest." June was upon us almost before we were aware of it and graduation left us on the threshold of our senior year, burdened with new responsibilities and fired by new ambitions and enthusiasm.

Senior year is quite properly the climax of our drama of thirty-eight months duration. It is during this year that we come into contact with that important character, Macbeth. We'll never forget him after a half-year of paraphrasing. We quickly rid ourselves of our under-class ideas and assumed those which we thought were better suited to our exalted condition. In the modern jargon, we *knew* that we were "quite the berries" and we intended to run Cambridge Latin as it had never been run before. Probably all classes enter their last year feeling this way and we sincerely hope that their awakening was not as rude as ours. The principal and teachers continued to function in spite of our wishes that we be given full control of everything and we wondered how the rumor had ever started that the Senior Class was in the habit of dominating Cambridge High and Latin. This last year we held elections similar to those of the preceding year. The four officers chosen to lead the class were: William Squires, president; Margaret Murphy, vice-president; Frances Mahady, secertary; and Harold Browning, treasurer. On our reception committee we had Mary Altimas, Joseph Hyde, Helen Gately, Marjorie Lynch, and Mary Toomey. We elected Shirley Trask, Sally Roche, Winifred Shaffer, Ruth Campbell and Joseph Dugan to manage our drama, which proved to be a great success. Dramatic events, social dances, and the outgoing class reception featured among our activities.

In the final analysis, the good name of a class depends almost entirely upon its success and conduct during the last year. We feel no hesitancy in staking our reputation as a class upon the results of this last year. As to outstanding events we can point to the success of our drama, and dances, and to the remarkable records of our athletic teams. We take great pride in pointing out the fact that the blemishes on our record are small and very infrequent. Our sins of omission and commission compare very favorably with those of the classes immediately preceding us and give us no cause for regret. As a matter of fact, we are not yet in a position to pass judgment on our four years as students at Cambridge High and Latin, but we are confident that the passing of time will not give us any reason for not being well pleased with our record.

Isaac Axford (cousin to Hannah)	Eldon Murray
Lord Bute (Prime Minister of England)	Joseph Bonasera
Robert Clegg (post boy)	Lucio Gatto
Hannah Lightfoot	Florence Williams
Betty Trott	Ruth Campbell
Margaret Lightfoot	Winifred Shaffer
Princess Dowager	Beatrice Evers

The Class of 1929 may indeed be enthusiastic and proud of their Senior Drama presented so admirably under the fine direction of Miss Hartigan.

The play, "Friend Hannah", is the story of a king's love for a simple Quaker maid and of the ultimate tragedy which this love brings to the girl and to the king himself.

The dashing young Prince of Wales is hurt while hunting and is brought by his two companions into a nearby dooryard to recuperate. There he sees and falls in love with a charming Quaker maid who ministers to him. Later she comes to London to visit her uncle and while there she secretly marries the Prince, ignorant of his royal station in life. The Prince has in the meantime become King of England by the death of his grandfather. and waits the strategic moment in which to proclaim to the world his wife of lowly station. However, the Prime Minister, Lord Bute, and the Princess Dowager, having found out the secret marriage of the King, come to beg Hannah to renounce her husband for the sake of England. She is finally prevailed upon and, in a touching scene, leaves her beloved husband.

The play would, perhaps, end here, but the author brings the two lovers together again fifty years later in the same garden in which they first met. The aged King proclaims his undying love for Hannah, and Hannah, forgiving everything, accepts his words with a loving heart.

Florence Williams as Hannah had no more difficulty in winning the hearts of her audience than in unconsciously arousing the ardour of the young Prince George. The minute she entered the scene, her grace and beauty made her the center of all eyes. She proved herself a real actress in the difficult last scene where she had to make the change from a laughing, young girl to a heartbroken, old lady.

Ruth Campbell as Hannah's diminutive maid gave a charming performance. Her sympathy and understanding of Hannah and her manner of saying her wise little speeches were delightful. Her voice was as good as ever, and she was perfectly cast in her part.

To John O'Neil, whose representation of George could not be rivalled, go the masculine honors. His English accent was almost too good to be true and the swagger with which he wore his hunting costume made it seem that he must have worn it all his life. His transformation, too, from a carefree youth to a bent old man in the last act was remarkable.

SENIOR DRAMA CAST

Second Row: Hugh Curry, Beatrice Evers, Walter Hynes, Miss Hartigan, Russel Bennett.
Front Row: Lucio Gatto, Ruth Campbell, Florence Williams, John O'Neil, Winifred Shaffer, Joseph Bonasera.

Hannah's blustering but kindhearted uncle, Thomas Lightfoot, was played very well by Hugh Curry, and her conservative Quaker mother, so harsh in her treatment of her beautiful daughter, was taken by Winifred Shaffer to very good effect.

There was a touch of pathetic and unexpressed sadness in the role of Isaac Axford, the disappointed lover who adored the ground on which Hannah walked and who would not pursue further his quest for her hand after she discouraged his suit although his uncle goaded him on. Eldon Murray did the part with just that restraint and skill which are the first essentials of fine acting.

Joseph Bonasera was the villainous Lord Bute whose thundering voice would have made the bravest quail. His scene with Hannah and the Princess Dowager was one of the most impressive in the whole play. Beatrice Evers as the Dowager was a very striking figure in her stately gown. Her graceful stature and good voice made her admirably suited to the part.

Russell Bennett and Walter Hynes as the Duke of Chandos and the Duke of York played their parts with a touch of nonchalance and sincerity which was indeed refreshing and delightful. Their harmless joshing of George and their loyalty to him in his love affair offered the two actors an excellent opportunity to show their skill.

Lucio Gatto gave the crowning touch to the performance in his amusing and delightful part as post boy which he played with such spirit and zest.

The scenery for the garden scene was greatly enhanced by attractive bushes and colorful flowers made by the Art Department under the direction of Miss Willoughby.

In between the acts we were entertained by the school orchestra, under the leadership of Mr. Whoriskey, which played some charming new pieces as well as the dear old favorites.

The sun was setting behind the blue mosque, changing its color to a deep purple. The fields beyond were a waving mass of white poppies with a splash of color here and there. In the distance rose the snow-capped peak of Vulture Mountain.

Gazing at this beautiful scene, as he stood at the gate of a golden garden, was Bill Squires, president of the International Bonding Corporation. As he chanced to look across the street, he started as he recognized one his of former classmates. The figure was Harold Browning, now chief buyer for the firm of McKenney and St. Pierre, importers of Persian rugs.

"Why, Harold", exclaimed Bill, "what on earth are you doing in Persia?"

"I'm just leaving," answered Harold. "I have three months vacation, and I am going home for a visit. Why don't you come along?"

"I'd certainly like to, but I'll have to get someone to take my place. If you wait until I make arrangements, I'll go," said Bill.

Two weeks later found Bill and Harold on the steamship "Majestic", bound for Boston. They were comfortably settled on deck, Bill with a paper which he had obtained before leaving, and Harold with a new novel by Louise Riley.

"Look at this", exclaimed Bill. "Jack Fay is having a recital at Symphony Hall next week. The week after that, Lucio Gatto, the young opera star, will sing at Symphony. Gosh, it's five-thirty now, and we are guests at the captain's table. We'll have to hurry to be on time."

As the two young men entered the dining salon, the captain came toward them. Harold clutched Bill's arm and gasped: "If that isn't Joe Dugan. Now, what do you know about that?"

"Well! well! well! It's certainly good to see old friends again," said Captain Dugan. "Bill Staffon and his orchestra are about to start the dinner music. Marjorie Lynch is the swimming instructor in the gym; you'll probably see her in the morning."

The happy days spent on the sea sped all too soon, and on Thursday Bill and Harold were out on deck awaiting the appearance of the famous Boston skyline. As it came into view, the two weary travelers tingled with happiness and joy, for they were coming home at last. They were happy even though they realized that their stay would be short. As they approached the Customs Office after the landing, they were met by "Stan" Farrington, who was now Chief Customs Officer.

One o'clock found the two friends settled comfortably in the Ritz-Carlton Hotel. Soon the pangs of hunger began to manifest themselves, and therefore they decided to have lunch. As they walked up Washington Street, they saw a sign, announcing that Mary Altimas and Gertrude Moakler were co-starred in a new musical comedy entitled "Happy Days".

They continued walking until they came to an inviting restaurant. They entered and seated themselves at one of the tables. As they scanned the menu, they were surprised to read that Anna Foley was the owner. You may be sure that Peg Murphy, their waitress, saw to it that they were well fed.

When they had eaten they decided to attend a matinee and then return to the hotel. As they left the restaurant Bill and Harold were attracted by a sign announc-

ing John O'Neil in "These Englishmen", a sequel to "Friend Hannah". His leading lady was none other than Florence Williams. In the lobby of the theatre they saw the name of the famous architect who designed the building, Lester Hynes. The vaudeville was good, especially the act in which Shirley Trask was featured.

Bill and Harold then went back to the Ritz and had dinner. After they had eaten, they made their way to their room and prepared to enjoy a quiet evening. Bill reclined in the arm-chair and smoked his Persian pipe. Harold began to look around the room.

"Bill, look at this," he exclaimed. "A built-in radio speaker. It must be attached to the radio downstairs. Sure enough, here are the dials. Let's try it!"

As Harold turned the dials, they were startled by a familiar voice—"Joe Hyde, announcing from station W E E I, owned and operated by the Abe Katz chain of stations. We will now close our program with a series of popular song hits. Ladies and gentlemen of the radio audience, I take great pleasure in presenting to you Marie Timmons, America's sensational songster." Marie's voice charmed them, and they agreed that the program was good.

"Now, that is pretty good," said Bill. "It does seem that the old class is with us wherever we go. Just look here; the 'Globe' has an announcement to the effect that a new book 'Reminiscences of My Egyptian Adventure' written by May Sarton, and published by the great house of 'Ben' Wiggen and Company, is now on the market. Here's a current photoplay now running starring Frances Grove and Joe Senders."

"Well, well, well, this is getting interesting. Here's an advertisement about Kenny White's camp for boys in the White Mountains. A law suit has been brought into court between Fred McFadgen and Freddy Harlow. McFadgen has retained as counsel the law firm of Denehy and Droney, while Harlow will be represented by the firm of McKenney and O'Keefe. Hugh Farrington will act as judge, while Reddy Hilliard is foreman of the jury."

Bill and Harold took the airline which had subplanted the Harvard Subway. The airline left them at the door of the Cambridge High and Latin school. Both were astounded at the changes that had taken place in the old institution of learning.

As they entered the school, they were met by a faculty which seemed to be composed entirely of the members of Cambridge High's most famous graduating class, that of '29. "Dot" O'Connell was the Freshman dean for the girls and "Ken" Daly was the boys' dean. Marie Hansen and Esther Mulvihill were teaching Latin. Elizabeth Tracey held the honorable position of being head of the English Department. Henry Williams was teaching History classes in Room 88.

Both were on familiar ground as they entered the office, and both remembered the many summonses that they had answered there once upon a time. The principal came forward to meet them and who do you think it was? It was Edward Cutter. Principal Cutter showed them the new modern chemical "lab". Michael Carlin was the head of the deaprtment. He then showed them the two new gymnasiums that had recently been finished. "Bunny" O'Hearn was swimming instructor for the girls, and Vincent Fitzmaurice was teaching the boys his famous backstroke. Charles Bergen & Company were the constructors of the gymnasiums.

As they read the evening paper some time later, they saw news of members of their class. A new hospital was being opened and the head physician was Russell Bennett. On the hospital staff were the names of two other members of the class, Joe Bonasera and Tim Creedon. Among the nurses who were at the new hospital, were Mary Burns, Rosalie Gallivan, and "Chris" Pellerine. The hospital was a gift to the city from Winifred Shaffer.

A few days later they stopped in at a bank to replenish their fast diminishing funds, and they were astonished to find that Gilbert McKee was the president of the bank. Frances Mahady was his private secretary.

Their search for former classmates brought them to Cambridge once more, and as they came out of the subway at Central Square, they noticed a large sign which informed them that the building facing them was an art school conducted by Jean Tobin and Bea Evers. Ellen Perkins had a dancing studio in the Crowley building on Massachusetts Avenue. The Harvard Athletic Association bus passed, and Kenneth White, Harvard's football coach, waved to them. After strolling around Harvard Square and meeting a few classmates who had established business places there, they returned to their hotel.

The days of their vacation soon drew to an end, and it was time, all too soon for them to return to Persia. When the day of their departure arrived, they called a taxi and were surprised to see Eldon Murray grinning at them from the cab. He proceeded to disregard all speed laws, and finally landed them at the dock.

As the old Boston Harbor faded into the distance, Bill and Harold resolved that they would so arrange things hereafter that they might make yearly visits to their native shore, and renew acquaintances with their old classmates.

The sun was slowly rising over the hills and blinking at the sleeping Persian city. At this moment, if one could have peered into a cozy room in an attractive house, he would have seen a certain person yawn, and rub his eyes. As he was gradually waking and stretching, he said, "Ah, what a dream! Imagine if it were true."

DEBATING

Debating, which prior to this school year has been an extra-curricula subject, has at last taken its proper place in scholastic activities and has become a subject for which credit is received. Although debating has been established only on trial, the debating class has been very active and has a record of which it may be justly proud, although it is yet only in its infancy.

The fall of 1928 saw Mr. William Foley, formerly of Boston College where he was a debator extraordinary, at present an English teacher at Cambridge Latin School, appointed debating teacher, and thus began a new era in C. H. L. S. debating annals. First of all a debating class was organized and on September 15th in Room 5 the class met for the first day's work with a short talk on the purpose of debating. Mr. Foley then outlined our program for the year. Besides working up a highly interesting plan, Mr. Foley also entertains the class with interesting anecdotes and stories. The debating class is run more like a big club, for any member of the class is free to speak at any time.

A short while ago Mr. Foley introduced another interest; the study of Parliamentary Rule, and ever since that time the class has been carried out according to these rules.

The class as yet has not had any outside debates although when this went to press a debate was being arranged with Andover. There have been several inter-class debates. We have argued such subjects as: The City of Cambridge Should Adopt the City Manager Plan of Government, The High Protective Tariff Policy Should Be Abolished, The Annexation of Cambridge to Boston Should Be Completed, Capital Punishment Should Be Abolished, and The Trial by Jury System Should Be Abolished.

"Always to Strive for the Best" is our motto and the debating class has always done its best for its Alma mater. May we voice the hope that the future will unfold the legend that the members of the debating class of '29 will be found among the best of our nation's orators, scholars, and statesmen!

THE KLAWHOWJAHA BJUSTOFF CLUB

Under the leadership of Sally Roche, President, the K. B. club has enjoyed a most successful financial year. The club's contribution to charity consists of the distribution on Thanksgiving and Christmas of baskets to needy families and the giving of clothes to poor children, thus enabling them to attend school. In the summer the K. B. sends a certain number of girls to the country to regain their health. Miss Kenney, the school nurse, to whom the club is indebted for the selection of these girls, considers that this deed, if the only one the K. B. performed, is sufficient reason for the club's existence.

The money to carry on such work is raised by the different activities throughout the year, activities which consisted of a charity bridge given in the school hall decorated in an indescribable manner for the occasion and a dance which by the kindness of Mr. Cleveland we were able to have at the Oakley Country Club. The music for the dance was furnished by Roy Lamson's Harvardians. It was the sincere opinion of all those present that the affair was one of the most enjoyable ever given by the K. B. Early in the year initiations were held at the houses of the various members.

The club suffered a great loss in the sudden death of one of its most popular members, Mary Wamsley. Mary was a vivacious, affectionate girl loved by all those who were fortunate to be her acquaintances.

Much of the credit of the club in all its undertakings is due to our understanding and indefatigable advisors, Miss Hartigan and Mrs. Dunn.

HOME ECONOMICS CLUB

HOME ECONOMICS CLUB

There were seventy-five girls in the Household Management classes this year and sixty of them joined the club.

Miss Harrington, Miss Morgan, and Miss Breau act as advisers, and the purpose of the club is to further the interests of the girls in Home Economics.

The program for the year was arranged with these aims in view, having a business meeting and a social each month. The first social of the year consisted of a theatre party at the Repertory Theatre, where we saw "The Tempest".

On January 19th and 31st, while studying period furniture, the club visited the new wing of the Boston Museum of Fine Arts. On both days the museum furnished us with a guide, who showed us the important and interesting exhibits, making our trip both exceedingly interesting and beneficial.

On Friday, February 15, the club had a Valentine Party after school with an entertainment by "home talent" in the hall, after which refreshments were served in the dining room attractively decorated for the occasion.

Besides the regular program, the club subscribed to "Good Housekeeping" and "The House Beautiful". Both magazines were used in the classes and taken home by the members overnight.

At times small groups of girls attended lectures and exhibits at various stores.

During the spring months, the Home Economics Club plan to visit some of the hospitals in Cambridge and the Priscilla Proving Plant in Newton. Then, too, we hope to have a speaker give a lecture on the principles of clothing selection, and we expect to end the year with a farewell party.

It is customary for each Home Economics Club to leave a gift for the future clubs. The advisers have kept this year's gift as a secret until the last meeting of the year.

THE REVIEW

The primary purpose of this article is to leave a few definite suggestions which future *Review* staffs may find of some value.

We have found during the year two corrigible handicaps to the existence of a more successful school paper. The first and outstanding one is the apparent lack of interest which the student body takes in its only publication. The second is the inexperience of the incoming *Review* staffs.

In a school as large as ours one must expect to confront the necessity of arousing interest. We have found this year that no amount of mild reprimand or mad coaxing can inveigle the students into enough active participation. Something more concrete must be done. For instance, a series of small prizes might be offered for the best story in each issue and one or two larger prizes for the best story of the year. The English Department could cooperate by submitting material which would be of interest to the average *Review* reader who, by the way, does not usually care for essays on Lady Macbeth's sleep-walking scene or the like. A larger staff including several reporters and more advertising assistants would make interest in the paper more widespread and would give many more students some experience in commercial literary work and in the business management of a publication.

Last year's editor suggested a very practical plan for overcoming the second problem: to institute a progressive system of offices in which the assistant manager one year would become manager the following year. The plan is a good one but obviously useless if no action is taken on it.

We of the *Review* staff take this opportunity to thank Miss Hardy for her sympathetic management and advice. We can think of no one with whom we could have enjoyed our work more.

Members of the graduating class, we wish you the best of luck in the forthcoming Great Adventure, and we hope to meet with you again along the Way.

COACH LEANDER MacDONALD

In Leander MacDonald, Cambridge High and Latin may boast of one of the finest athletic coaches in the country. For ten years now, we have been blessed by his happy presence and not a loyal son among us but would want him to stay for many of tens. Many a name has he raised to the heights of fame and such men as "Izzy" Zarakov, "Tubber" Cronin, "Doc" Gautreau, all known to sport lovers as real stars, are among the countless examples of his ability in coaching.

For one man to teach football, hockey, and baseball is usually an arduous task. But Mr. MacDonald teaches more than these sports, he teaches sportsmanship, fair play, and manliness. Although he is a veteran in the coaching game, harsh and tyrannical methods never found favor with him; he works on the principle that encouragement achieves more than sarcasm and friendliness more than superiority. Mr. MacDonald gives a word of praise, a note of consolation, a promise for the future to his boys. Indeed in a very fitting sense may they be called his "boys".

It is not too much to prophesy that Leander MacDonald is well on the road to becoming a Cambridge Latin Institution. In his own quiet way he has taken his place in our hearts as an ideal mentor. May his work at Cambridge Latin long endure!

FOOTBALL

The coaches and members of the football squad wish to thank the faculty and pupils for their spirit to the team in spite of the fact that the season was not very successful. When Coach Leander MacDonald called his candidates together for their first initial practice, five veterans and a horde of inexperienced boys reported. The usual weeding out process took place, and in a few weeks a team was whipped into shape.

For the fourth successive season we have gained the championship of the University City by defeating our near rival, Rindge Tech. This game was played on the hottest Columbus Day since that day was declared a holiday. Our rejuvenated team completely outplayed, outguessed, and outfought the brown and white clad boys of Rindge Tech to the tune of 7-6. Hynes was a Tartar, as he tore and crashed and bent the R. M. T. S. line; while his running mate Harlow, directed the team like a little general. Captain McKee, playing the finest game of his career, hurled the enemy back, time after time.

In our annual Thanksgiving Day game with Everett, we played a game worthy of any team, but were defeated 14-0, but on real strength the teams were very evenly matched, with Everett getting the breaks.

With this defeat the curtain was run down in the great drama of Football for '28. Lester Hynes, Fred Harlow, Ken White, and Fred MacFadgen loomed up as valuable backfield men, while Captain McKee, Pop Nolen, Bill White, and Abe Katz, proved excellent linemen and worthy of All-Scholastic honors.

Raymond Favreau was elected Captain for the season of '29, and we wish him and Coach MacDonald the best of success.

Letters were awarded to the following: Capt. McKee, Ex-Capt. Harlow, Capt.-Elect Favreau, Hynes, Hogan, W. White, K. White, Katz, Forte, MacFadgen, Dugan, Reardon, Semorian, E. Perry, H. Perry, Denehey, Lekaskos, Milo, Nolen, and Lynch.

HOCKEY

On the horizon of athletics no sport looms more prominently for Cambridge Latin than does hockey, and the reason is that our high school for ten successive seasons has reached the finals of interscholastic hockey at the Arena in the Round Robin series.

With Coach Leander MacDonald as hockey mentor the Cantab puck-chasers set out on the high seas in search of plunder with Captain Fred Harlow mastering the crew of fine and hearty boys. On this aggregation were three members of the graduating Class of 1929 who did more than their share in bringing success to the team.

Captain Freddy Harlow was easily the outstanding center-ice man in schoolboy circles. He possessed all the qualities of a fine leader, and Cambridge High & Latin mourns the loss of one of her greatest athletes.

Kenny White and Hugh Curry, our defence men, proved to be impregnable throughout the season. Tim Ready, a newcomer in our ranks, has no peer as a goalie in scholastic ranks.

With the return of such veterans as Duggan, Hogan, Burgess, and Ready, the success of next year's team is assured.

The letter men of this year were Captain Harlow, Hogan, Duggan, Curry, White, Ready, Burgess, Droney, Cullinan, and playing-manager John "Hubber" Murphy.

Eleven games were won, five lost.

BASKETBALL—FIRST TEAM

BASKETBALL

Basketball has flourished at Cambridge High and Latin this winter under the coaching of Joseph Kazlowski, the ex-Boston College football star. This was our third basketball season and we were one of the best schoolboy aggregations in the state.

The first year we had a fairly successful season, winning twelve out of eighteen games. Our second season was even more gratifying than our first, as that year we defeated Everett. We were the only team that accomplished this feat in the year 1928.

This year we had the best quintet as we won the championship of District 8. We entered the Tech Tournament but were defeated in a thrilling overtime game 28-27.

Capt. "Abe" Katz, the end man on the football team and Ken Johnson were considered two of the best guards in schoolboy circles.

The team work of Browning, Coady and Clancy could not be equaled by any other school. Clancy, who was picked as one of the best forwards in the state, was the backbone of the team.

The following are the letter men:—Katz, Browning, Coady, Johnson, Clancy, Green, Cominsky, Bergin, Leskakos and Manager Hyde.

Second Row: MacDonald, Lekaskos, Fogel, Brackett, Ross, Droney, La Ronde, Cosgrove, Mathews, Curran.
First Row: Harlow, Nolen, Hogan, Finstein, Katz, Browning, White, Ready, Kelley, Sullivan.

BASEBALL

This year's baseball nine bids fair to follow in the footsteps of our championship teams. Nine lettermen return from last year's team, a fact which causes the countenance of Coach MacDonald to brighten. Judging by the way the Cambridge High and Latin School Baseball Team came along the latter part of the Suburban League last season, Coach MacDonald should have another strong nine in the circuit this spring.

The lettermen who return this year are: Nolen, Hogan, Harlow, White, Katz, Brackett, Browning, McFadgen, and Droney.

GIRLS' ATHLETIC ASSOCIATION

Standing: Evelyn Cummings, Marjorie Lynch, Miss Brown, Florence Shaffer.

GIRLS' ATHLETIC ASSOCIATION

The popularity and membership of the G. A. A. increase every year. The efficient and energetic officers, Catherine O'Hearn, president; Marjory Lynch, secretary; Gertrude Burns, treasurer, have worked whole heartedly to further the success of the association, and have had to aid them Miss Brown, who is their indefatigable adviser.

The G. A. A. is self-supporting, deriving its success from dues collected from members and profits made on various activities. Money for the girls' class basketball teams, sundry expenses, letters, and silver basketballs come out of its treasury. Their charitable work consists mainly of distributing provision-filled baskets on Thanksgiving and Christmas.

The first event on the year's program was an initiation. Those in charge of it were extremely adept at making the unfortunate candidates miserable.

On January nineteenth a "Poverty Party of All Nations" was held in the gym. Prizes were awarded for the cleverest costumes, and refreshments were served. A play entitled "Mr. Bobs" was presented to a mirthful audience in the school hall.

The next event arranged by the officers was a girl dance. Everyone enjoyed himself though some looked a wee bit uncomfortable in brother's borrowed clothes. All the activities this year served only to heighten the association's ever increasing popularity. Plans are now being formulated for a real boy dance, and of course the annual picnic at Kendall Green.

THE SENIOR GIRLS' BASKETBALL TEAM

This year as in previous years the number of candidates for the senior team was large. The fact that there were enough candidates to form two teams is unusual because the interests of a senior are numerous.

Miss Brown has developed a spirit of cooperation and fair play among the girls. The seniors emerged from the class games victorious but not without having been up against strong opposition. Of the other class teams the sophomores were the most impressive; they caused the seniors no little anxiety as they kept the score dangerously close.

The team encountered a bit of hard luck in their first outside game which was Arlington, a school with a much larger enrollment than ours and better playing facilities. Our coach was ill and unable to accompany us and two of our star players were unable to play on account of an important drama rehearsal. Although the girls put up a stiff fight against odds, Arlington, clearly the better team, won. The rest of the outside games resulted in victories for the senior team. Whether in actual play or practice, the team has always showed excellent spirit, a fact which is proof that they play not only for their letter, but also for the sport.

Know all men by these presents: that we, the class of 1929 of the Cambridge High and Latin School, in the city of Cambridge, County of Middlesex, and the Commonwealth of Massachusetts, being of a sound and disposing mind and memory, do make, publish, and declare this our last will and testament, hereby revoking and annuling any and all will or wills heretofore made by us.

First: Our will is that all our just debts and graduating expenses be paid out of the financial profits derived from the Senior Assemblies as soon after our decease as shall be found convenient.

Second: After the clearance of our graduating expenses, the rest of the money derived from the aforesaid Senior Assemblies we beneficently denote to a fund for the purchase of the following:

(a) A costume department for future Senior Drama casts, and for other dramatics given by the school in general.

(b) A surgeon to assist the nurse for the annual English Departmental Rush.

(c) A pair of arms for Venus De Milo. (We have not been able to discover the person or persons who broke them off, so we must stand the loss.)

(d) A $10 gold piece for the pupil who receives the first E in history during the year 1930. (According to this year's report cards, no one will have a ghost of a show to win this $10 gold piece.)

(e) Ingersoll watches to be given to pupils who are in the habit of being late, so that they may avoid this everlasting disgrace.

Third: To Mr. Derry we leave the title to and complete ownership of the Classical Library.

Fourth: We give, devise, and bequeath to the class of 1930 the official right to carry on the dramatic events, reception, and social dances in which our success has been unquestionable.

Fifth: We appoint the K. B. Club as executors of this last will, and the said K. B. Club being experienced in doing charitable work, we trust that our requests be faithfully carried out.

Lastly: We direct that from our class dues the executor of this our last will shall purchase a mechanical man with an excellent education. The aforesaid mechanical man shall be stationed in the hall and shall do the homework of pupils who have not prepared their lessons.

In Testimony Thereof, We set our hand to this our last will and testament, at the law office of Joseph Bonasera (C H L S '29) in Cambridge, Massachusetts this eleventh day of June, in the year of our Lord, One Thousand Nine Hundred and Twenty-nine.

Witnessed with unbounded pleasure by:

THE FACULTY

Epilogue

We have attained our goal; our task is at length completed. It is vastly gratifying to see realized the hopes and ambitions which have spurred us on during these four fleeting years. The general atmosphere of rejoicing which prevails throughout the school is somewhat overshadowed by a poignant feeling of sorrow. We who have been united for four happy, eventful years are about to be separated. Each of us will soon venture into the world where we must overcome new difficulties and accustom ourselves to a different environment. Undoubtedly, we shall acquire other friends, but they can never compensate us for the loss of the dear friends who have shared our joys and sorrows at Cambridge High and Latin School.

After GRADUATION... *What?*

Whatever you plan to do after graduation, whether you plan for college or business, a systematic training must be pursued that will eventually give you a good market value.

If Business is to be your field, BOSTON PACE INSTITUTE will pave the way for you—by teaching you the language of Business—Accountancy.

The Pace Standardized Course in Accountancy and Business Administration has been taught for over twenty years in schools throughout the country. It has helped thousands of man and women to produce and to earn. The Pace way is definite—the method standardized and time-tested.

The Pace Course in Accountancy is taught at BOSTON PACE INSTITUTE in both day and evening classes. Registrations for fall classes are now being made. Early enrollment is advisable.

You are cordially invited to visit the Institute, at which time the advantages offered by the Pace Course may be discussed in detail. A catalog will be mailed upon request.

Click Time . . .

There is no time for a genuine artist photographer to doze when the sitter is before him.

He must be alert to the *CLICK*.

He notes the mental moods passing over the features like alternating sunshine and fleecy clouds over the landscape.

And he must catch the finest of these reflective sprites and fasten them in the negative.

Another second and they would have vanished forever.

In all their elusiveness they cannot escape our alert operator.

Skill to the second.

GIRLS OF THE CLASS OF '29

Cambridge High and Latin School

Regardless of the course you are just completing, and before you make final plans for the future, you should inform yourself and parents fully concerning the remarkable opportunities and advantages now available to a limited number of girls at the Chandler School in Boston.

The Chandler School specializes exclusively in Secretarial, Cultural and Normal training and its graduates are in constant demand.

Our One, Two and Three year courses lead to a diploma. A Fourth post-graduate year includes supervised employment with salary, and attendance at Northeastern University, Evening Division, as a candidate for the degree of Bachelor of Secretarial Science.
